

Prayer points for the Nigeria ACU (Africa Christian University) Project

We thank our Lord for your prayers and His hand in moving this project forward. There are several exciting things occurring over the next few weeks:

Capital Program: We are thankful for recent donations that will allow us to begin construction on two buildings in the coming weeks:

- A missionary – guest house (picture right) ([Click for Information](#)) and our
- Clinic ([Click for Information](#)).

I am on my way to Nigeria next week and will be onsite to break ground on both projects! Please pray both projects go well!

Governor's Meeting: A major objective of my trip is to participate with a delegation from Imala to see the governor of Ogun State. This will be the first formal meeting on our project. We will be making a key request, asking for what is called a "Certificate of Occupancy", the government's permission to develop the first phase of the project (~15,000 acres). Please pray for favor.

Providence Agriculture Research: We are currently working to kick off two major pilot research projects in the coming weeks: a Greenhouse Project and a Research Ranch project (using rapid rotational high-density grazing). Pray for our ongoing discussions with potential commercial partners. <https://charity.gofundme.com/o/en/campaign/research-farm-project>

ACU Pursuit: As I mentioned earlier this year, Professor Maxey and his wife have move to Imala. Professor Maxey is working full-time on progressing the ACU Vision. We are currently working to establish a Road Map Committee for ACU and have started establishing a Committee of 1000. Please pray about your potential involvement in supporting this initiative. See the following for more information:

ACU

Motto: Standing firm for a lifetime

Last month I shared the extraordinary way God was working to address the Fulani issue in Imala. Today I am asking you to pray for the Fulani work, as things have become challenging, with some in the community actively working against the plan to start a Fulani Ranch. Please pray the issues will be resolved quickly and peacefully!

Last month I asked you to pray about setting up a campaign for one of the CDF projects. You can do this on your own (using the instruction we have provided at [This Link](#)) or if you prefer, send us an email and we can set up a campaign for you. This month we are hoping to raise \$6000 to repair damage from a major storm.

<https://charity.gofundme.com/o/en/campaign/storm-damage-repairs>

KEY PRAYER REQUESTS

- Final preparations for meeting with governor. Favor!
- Missionary Housing and Clinic Construction Projects. Greenhouse and Research Farm Agreements.
- Resolution of Fulani Ranch issues Successful kickoff of the Schools for Africa program.
- Kickoff of Committee of 1000 and ongoing planning for ACU

We are thankful for those joining us in prayer; we recognize, pursuant Ephesians 6:12, we are in a spiritual battle, a battle that can be won through prayer! We ask that you especially pray on the 20th of the month.

Thanks for your support,

James Rose (CDF President, Project Lead)
