Praise and Prayer points for the Nigeria Christian University Project

We pray you have a Merry Christmas and God blessed New Year. As we remember the birth of our Lord let us also remember, and be thankful for, all we have seen God do in 2022. Although the year has had challenges, God has shown himself strong. The following captures some of the highlights of the year.

MidAmerica Nazarene University Mission Team came and worked for over a week in March. The team held community and children’s programs (about 500 kids) and completed various service projects.

Providence Vocational Academy graduated its second cohort and launched the Academy IT hub. It has also been approved for inclusion in a World Bank funded training program.

Our agriculture processing center and warehouse has been completed. This plant will process and package various food products.

Various test crops have proven successful in our greenhouse program and our honey business is growing. Both of these programs provide interim opportunities for Providence Vocational Academy students.
The launching of Providence International University was celebrated in Lagos and Ibadan. We thank God for his financial blessings; we received our largest single gift ($100k), as well as two additional $100k commitments.

Dr Sofola made his first visit to Imala. Initial planning for his specialty surgical hospital is underway.

Three new duplexes have been constructed. These provide housing for our missionaries, interim staff housing, interim office space for PIU, as well as a meeting place for the Imala International Church.

KEY PRAYER REQUESTS

- Pray our staff has a good Christmas break and returns refreshed. Pray we have a strong start to the new year. Our next letter will provide our key prayer requests for 2023.
- Continue praying for Kabiyesi’s health (the King of Imala); we thank God he continues getting stronger.

Thank you for joining us in prayer this year; we recognize we are in a spiritual battle (Eph 6:12), a battle that can only be won through prayer! Thank you for standing with us!

Thank you for your support,

James Rose (CDF President, Project Lead)
